Hi Paul,

I've copied the complete report into my ftp folder which can be accessed here:

<ftp://data.scag.ca.gov/ANDERSON/Moreno%20Valley%20-%20Alessandro%20Blvd/>

Attached are the instructions (note it tends to work better if you use Windows explorer instead of Internet Explorer.

In the meantime I will continue trying to track down the source files and appendix.

Marco:

During our kickoff meeting for the Alessandro Blvd Implementation project, we mentioned getting the native files to the Raimi Phase 1 project (Alessandro Vision). Can you send over what you have for native files? We are also hoping the appendices mentioned in the Vision Plan (per page 5) are provided as well. Do you have a master disc that we could just have copied?

Thanks - Paul
