Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Every year the Department of Housing and Urban Development (HUD) allocates federal grant monies to 'Entitlement Cities' (eligible, selected cities with a population exceeding 50,000) with allocation amounts varying each year based on a formula that considers the extent of poverty, population, housing overcrowding, the age of housing and the population growth lag in relationship to other metropolitan areas. HUD has classified Moreno Valley as an Entitlement City. Historically, the City of Moreno Valley has received federal funding on an annual basis from HUD for two formula block grant programs: Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME). Since Program Year 2013-14, the City has also become a direct recipient of Emergency Solutions Grant (ESG) program funds. The City of Moreno Valley will utilize these federal grant monies for use in programs that provide decent housing, build infrastructure, create economic development opportunities and provide a variety of social services for low to moderate-income residents. The City's Five-Year Consolidated Plan is a comprehensive planning document that provides the framework for the use of CDBG, HOME Grant and ESG funds to provide community development, housing, and homeless activities from July 2018 through June 2023.

The Annual Action Plan serves as the update to the Consolidated Plan and it identifies the distribution of federal funds for specific activities and programs during the program year. In fiscal year 2019/20, the City will be receiving \$2,082,025 in new CDBG funds, \$672,166 in HOME funds, and \$178,214 in ESG funds. These funds will support housing, community development and homeless prevention activities. The City is not a recipient of HOPWA grant funding. The Annual Action Plan also provides a basis for assessing performance. At the end of the program year a Consolidated Annual Performance and Evaluation Report (CAPER) provides information on the annual programmatic accomplishments.

Cares Act Amendment

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136, was signed by President Trump on March 27, 2020 and made available \$5 billion in U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant Coronavirus (CDBG-CV) funds and \$4 billion in Emergency Solutions Grants Program Coronavirus funds (ESG-CV) to prevent, prepare for, and respond to the coronavirus (COVID-19). Of this amount, HUD is immediately allocating \$2 billion of CDBG-CV funds and \$1 billion in ESG-CV funds based on the fiscal year 2020 entitlement formula. The remaining \$3 billion *of CDBG-CV and \$3 Billion of ESG-CV funds were allocated in second and third rounds based on a combination of formulas developed by and at the discretion of the HUD Secretary. All CARES Act funds were allocated as of September 11, 2020.*

This CARES Act Amendment to the Fiscal Year 2019/20 Annual Action Plan allocates the City's 1st round entitlement formula allocation of ESG-CV and CDBG-CV funding to eligible projects approved by the City Council on June 17, 2020. The ESG-CV funds of \$512,374 are allocated to ESG-CV administration and four (4) projects/programs to support additional homeless assistance and homelessness prevention activities to mitigate the impacts of COVID-19. The CDBG-CV funds of \$1,197,491 are allocated to CDBG-CV administration and five (5) projects/programs to prevent, prepare for, and respond to the coronavirus among the residents and businesses in the City. City staff selected the programs/activities for the CARES Act funding based on the most immediate needs of the Moreno Valley community and those programs that met the CARES Act objectives.

CARES Act Amendment Update

On June 9, 2020, the City was awarded by HUD a 2nd round allocation of ESG-CV funds in the amount of \$1,743,153 to be used to prevent, prepare for, and respond to the coronavirus among individuals and families who are homeless or receiving homeless assistance and to support additional homeless assistance and homelessness prevention activities to mitigate the impacts of COVID-19.

An Update to the CARES Act Amendment to the 2019/20 Annual Action Plan programming the \$1,743,153 of 2nd round allocation ESG-CV funding along with \$149,707 of unprogrammed 1st round allocation ESG-CV funds to eligible projects was approved by the City Council following a public hearing on September 1, 2020. Total ESG-CV funds of \$1,892,860 will be programmed to ESG-CV administration and three (3) projects/programs to support additional homeless assistance and homelessness prevention activities to mitigate the impacts of COVID-19.

2nd Update to CARES Act Amendment

On September 11, 2020, the City was awarded by HUD a 3rd round allocation of CDBG-CV funds in the amount of \$1,095,860. This 3rd round allocation of federal funding is to be used to prevent, prepare for, and respond to the coronavirus pandemic (COVID19). Eligible CDBG-CV activities may include providing equipment, supplies and materials to carry out public services, providing emergency payments to very low-income persons, and providing social services to sheltered-in-place seniors such as meal delivery.

This 2nd Update to the CARES Act Amendment to the 2019/20 Annual Action Plan programs the \$1,095,860 of 3rd round allocation CDBG-CV funding to eligible projects approved by the City Council following a public hearing on December 1, 2020. Total CDBG-CV funds of \$1,095,860 will be programmed to CDBG-CV administration and seven (7) projects designed to prevent, prepare for, and respond to the coronavirus pandemic (COVID19).

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The overall goals of the CDBG, HOME and ESG Programs, as required by HUD are to develop viable urban communities by providing (1) decent housing, (2) a suitable living environment and (3) expanded economic opportunities principally for low- and moderate-income persons. At the end of the program year a Consolidated Annual Performance and Evaluation Report (CAPER) provides information on the annual programmatic accomplishments.

The overall objective for the 2019-20 Annual Plan is to contribute toward the goals as outlined in the City's proposed 2018-23 Five Year Consolidated Plan. Those goals are:

Substandard Housing and Neighborhood Conditions: Improve the condition of the existing housing stock. The City will provide CDBG and HOME funds to improve the existing housing stock so that it provides decent, safe and sanitary housing.

Homelessness: Address homelessness through street outreach, homeless prevention, rapid re-housing, casework services and other intervention activities. The City will allocate ESG and CDBG funding to organizations that address the needs of homeless individuals.

Public Facilities and Infrastructure: Improve/upgrade public facilities and infrastructure. The City will allocate CDBG funds to improve and upgrade public facilities and infrastructure such as public buildings, parks, streets, and storm drains.

Public Service Programs: Improve the well-being of low- and moderate-income persons. The City will provide CDBG financial support to organizations that address basic needs, public safety, transportation, job training, and needs of school-aged youth.

Housing Discrimination: Achieve fair housing for all. The City will continue to allocate CDBG funds to a fair housing provider that will investigate housing discrimination complaints and tenant/landlord issues.

Economic Development: Promote economic development activities. Economic development was identified as a priority need by the City's Economic Development Strategy Plan and research and analysis completed for several planning studies.

Planning and Administration: Effective administration of the CDBG, HOME and ESG programs. The City will strive to achieve the goals, priority needs and funding priorities of the Consolidated Plan. The City will continue to comply with the planning and reporting requirements of the Consolidated Plan regulations

and CDBG regulations. Annually, the City will monitor its use of CDBG funds to ensure effective and appropriate use of funds.

CARES Act Objectives: To prepare for, prevent and responded to the effects of the Coronavirus pandemic. The City has utilized the HUD CARES Act guidelines for eligible ESG-CV activities including rapid rehousing and homeless prevention and for eligible CDBG-CV activities including assistance to businesses and increased public services. HUD eliminated the 15% maximum limit for public service activity for CDBG-CV funds.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

At the end of the of the 2013-18 Consolidated Plan the City was successful in accomplishing the following:

Homeless Strategy: 5-YR Goal: Assist 2500 homeless persons and persons threatened with homelessness with housing and public service activities. Annual Goal: Assist 450 persons with overnight shelter; 50 persons with homelessness prevention. Actual Completed during 17/18: The City's providers sheltered less people than originally anticipated. However, the homelessness prevention exceeded the goal of assisting 50 persons by 89 additional individuals. In addition, 44 persons were assisted with rapid rehousing, 35 persons were provided with homeless solution services, and the City has contracted with a provider to conduct street outreach services to homeless individuals, and given an opportunity to work part time in the City's neighborhood cleanup/beautification project. In 2017, there were 18 homeless participants in the homeless to work initiative.

Special Needs Strategy: 5-YR Goal: Assist 15000 special needs persons, including the elderly and disabled, with housing and public services. Annual Goal: Benefit 3000 persons. Actual Completed during 17/18: The City provided assistance to 5465 individuals through public services and 98270 persons through public facility/improvement activities aimed at improving ADA standards on City street.

Housing Strategy: 5-YR Goals: Rehabilitate or construct 175 housing units; create homeownership opportunities for 5 low-to-moderate income residents; provide proactive code enforcement in the CDBG target areas to 5000 households; and provide fair housing and landlord/tenant services to educate and assist 2500 households on their rights and responsibilities. Annual Goals: Construct 17 rental units and rehabilitate 18 rental units for a total of 35 housing units; provide direct financial assistance to at least 1 homebuyer; assist 1000 household's/housing units with housing code enforcement/foreclosed property care; and to assist 500 households with Fair Housing Services. Actual Completed during 17/18: The City completed 30 housing units, with 26 single-family rehabilitation activities; 4 units of rental rehabilitation activities, and 7 single-family units of energy efficiency activities; provided proactive code enforcement, neighborhood clean-ups, and public safety activities to 1757 households; and assisted 3680 households with Fair Housing Services.

Community and Economic Development Strategy: 5-YR Goals: To assist 125 low and moderate-income individuals with employment training and placement services; construct infrastructure improvements that will assist 250 parcels located within CDBG Target Areas; and to assist 50000 low-to-moderate income residents with non-housing public service activities. Annual Goals: Create or retain 25 low-to-moderate income jobs; assist 10000 persons with public service activities (other than low/moderate income housing benefit); and 50 households (parcels) with public facility or infrastructure activities for low/moderate income non-housing benefit. Actual Completed during 17/18: 30 low-to-moderate jobs were created or retained, 163 businesses assisted, 579 low-to-moderate income households received public services, 9 housing units received solar electric systems, where 27 solar installer interns participated. Moreover, 1899 individuals were served through food banks, senior services, Employment Resource Center, and youth services. In addition, 85650 persons were assisted through MoVal Policing Program, and 98270 persons assisted through public facility improvement activities.

The City utilized all available HOME and CDBG funds to carry out activities designated in the HUD-approved 2018/2019 Action Plan. Pursuant to certification, at least 70% of the amount expended principally benefited persons of low to moderate income, in a fair and impartial manner, and activities did not hinder Consolidated Plan implementation.

4. Summary of Citizen Participation Process and consultation process

The City of Moreno Valley Citizen Participation Plan contains the City's policies and procedures for public involvement in the Consolidated Plan process and the use of Federal grant funds. The Moreno Valley Citizen Participation Plan was developed as required under 24CFR Part 91 and Part 8. HUD regulations require that cities consult with public and private community-based non-profit organizations to obtain input on the housing and non-housing needs of low and moderate income and homeless members of the community. During the Action Plan process, the City took an aggressive approach to ensure and encourage citizen participation. The City hosted two (2) public meetings plus three (3) public hearings for a grand total of five (5) public meetings as was hosted in previous years. All citizen participation was accomplished through meetings, published public notices and on-line announcements. The City invited residents, non-profit organizations and surrounding jurisdictions to solicit input on community needs.

The first public hearing took place on December 18, 2018 and residents were given the opportunity to provide comments regarding priority needs in the community. A Public meeting was held on March 26, 2019 to discuss the proposed programs. The meetings were advertised, open to the public, and all together drew about 25 attendees combined. Several public speakers provided staff with valuable feedback. After receiving input from the community, the proposed Action Plan was available for a 30-day public examination and comment period from April 5, 2019 through May 7, 2019. The Plan was available at four City locations (Library, City Corporate Yard, City Hall and Senior Center). A second public hearing was held on April 16, 2019, the general public was invited to attend via public notice. At this meeting, the City Council reviewed the proposed the activity selections and the general public was encouraged to provide comments. A final public hearing took place on May 7, 2019 after the close of the public review

period. The final public hearing allowed the public an opportunity to comment on the proposed Action Plan before implementation by the City Council. The information compiled from the meetings was used in determining the needs in the community and the development of strategies. Citizen comments are included as an attachment to this document.

For the CARES Act Amendment, the Citizen Participation Plan was amended to adopt two CARES Act waivers reducing the public noticing and public comment period for the CARES Act Amendment to a period of not less than five days. The public comment period for the CARES Act Amendment took place between June 11, 2020 and June 16, 2020. The public hearing took place on June 16, 2020 after the close of the public review period. The public hearing allowed the public an opportunity to comment on the proposed CARES Act Amendment before implementation by the City Council.

The public comment period for the Update to the CARES Act Amendment took place between August 27, 2020 and September 1, 2020. The public hearing took place on September 1, 2020 after the close of the public review period. Although the second allocation of ESG-CV funds is not subject to the consultation and citizen participation requirements, the public hearing allowed the public an opportunity to comment on the proposed Updated CARES Act Amendment before implementation by the City Council.

The public comment period for the 2nd Update to the CARES Act Amendment took place between November 26 and December 1, 2020. The public hearing took place on December 1, 2020 after the close of the public review period. The public hearing allowed the public an opportunity to comment on the proposed 2nd Update to the CARES Act Amendment before implementation by the City Council.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

A summary of all public comments received at the community meetings and formal public hearings is included as an attachment to this document.

6. Summary of comments or views not accepted and the reasons for not accepting them

All public comments were taken into consideration when developing the Action Plan and Amendment No. 1 and No 2, 3 & 4. In addition, all public comments were taken into consideration when developing this CARES Act Amendment.

7. Summary

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The City's 2019-20 Citizen Participation process allows for many resident's local service providers, government entities and others to provide input during the funding allocation process. A list of organizations, entities, and other participants is included in Table 2, "Agencies, groups, organizations who participated."

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

One vehicle that the City utilizes to assist in coordination is the City's participation in the Riverside County's Continuum of Care (CoC). City staff meets on a monthly basis as part of the Continuum of Care (CoC) process. The City's involvement in the CoC allows for open dialogue with key agencies including the Riverside County Department of Public Social Services, the Riverside County Housing Authority, the Department of Mental Health, the County Adult Homeless Unit, local law enforcement and numerous local service providers. The CoC convenes these organizations with the goal to address homelessness, but in the process, discusses other community needs, such as public housing and emergency services needed in the region. Riverside County's CoC is very active and has recently been restructured to become more effective and efficient in its efforts. The Board now consists of higher level representatives with the authority to implement change at each respective organization the new CoC continues to make significant strides on behalf of the full CoC membership in the 2018-2019 fiscal year.

The City of Moreno Valley also continued the quarterly 'Non-Profit Roundtable' meetings which invited local service providers and residents to discuss community needs and available resources specific to Moreno Valley. As a result of the meetings, a smaller group has broken off and formed the City-wide Non-Profit Coalition. This group is focused on collaborating to address priority issues within the City.

The City will continue to be supportive of direct applications for funds from housing providers as well as local Community Housing and Development Organizations (CHDOs).

Cooperation with surrounding jurisdictions has been essential in promoting the City's ability to address a wide variety of community needs including housing rehabilitation, housing programs, public services, and public safety. To facilitate organization and solidarity, the City will continue to work with these entities by attending regular meetings, events, and joint endeavors.

The City hopes to work with resources available through affordable housing financial institutions. These private businesses will be included in the annual plans as applicable. Also, the City will work with

businesses that provide loans to high risk small businesses for the purpose of creating and/or retaining jobs.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Riverside County Continuum of Care's (CoC) primary goal is to address homelessness in the region. The group is charged with developing and implementing the County's Plan to End Homelessness in Riverside County. Riverside's Continuum of Care is provided with federal funding to offer homeless services and shelter. Moreno Valley grant management staff are members of the Continuum of Care and regularly attend the CoC meetings. In addition, the city staff assists to organize and coordinate the Homeless Point in Time (PIT) Counts. Participating in these counts provides staff with a firsthand knowledge of homeless needs through direct interaction with potential recipients of homeless services. Data from the homeless count is applied to determine homeless service needs and levels in the City.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The CoC serves as the planning body for the County's submission of the Riverside County Consolidated Application for HUD funds such as ESG. City staff has historically participated in rating of CoC grantee applications for ESG funding and have been active in helping making determinations for the allocation of funds. Since becoming eligible for a direct ESG entitlement, Moreno Valley engages them in the consultation by sharing ESG funding recommendations issued at the City level and requesting feedback from the full CoC membership. For the ESG activities proposed within the 19-20 Action Plan, City representatives consulted with the CoC by forwarding a summary of all applications along with Council recommendations and requesting CoC members provide feedback via e-mail. The City took their feedback into consideration. The administration/operation of HMIS is handled through the County of Riverside. Since becoming an ESG entitlement city, Moreno Valley has extended an ESG award to the County to aid in the operational Homeless Management Information System (HMIS) costs. City of Moreno Valley representatives are in constant communication with County HMIS staff and discuss program set-up, schedule for training, and to discuss ESG reporting requirements.

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

Pursuant to the ConPlan regulations, during the process of developing the Consolidated Plan the City's consultation process included gathering information on broadband internet service providers, organizations engaged in narrowing the digital divide, agencies whose primary responsibilities include the management of flood prone areas, public land or water resources, and emergency management agencies.

Broadband Internet Service Providers/Organization Engaged in Narrowing the Digital Divide

The FCC definition of broadband includes download speeds faster than 25 Mbps. The City has three types of internet service providers: cable, DSL and fiber. The internet service providers include, but are not limited, to AT&T, Frontier, Spectrum, Mediacom, HughesNet and Time Warner.

According to Stanford University, the "digital divide" refers to the growing gap between the underprivileged members of society, especially the poor, rural, elderly, and handicapped portion of the population who do not have access to computers or the internet; and the wealthy, middle class, and young Americans living in urban and suburban areas who have access.

RIVCOconnect is a Riverside County initiative, supported by the Riverside County Board of Supervisors and Executive Office, and led by Riverside County Information Technology (RCIT), that seeks to remove the road blocks that obstruct service providers from building out current infrastructure. RIVCOconnect invites the private sector to deliver broadband services Countywide at speeds of 1 Gbps and above.

The Moreno Valley Public Library provides computer labs and online resources to all its patrons.

Management of Flood Prone Areas

The flood prone areas within the City have been mapped by the County of Riverside and the Federal Emergency Management Agency (FEMA)

The Riverside County Flood Control and Water Conservation District has responsibility for planning and construction of regional flood control facilities. The City retains the responsibility for designing, construction, and maintenance of local drainage facilities.

Four types of flooding conditions could occur in Moreno Valley: flooding in defined watercourses; ponding; sheet flow; and dam inundation flooding. Flood levels within defined watercourses vary along many of the drainage ways and floodplains.

Emergency Management Agencies

The Moreno Valley Fire Department will be the incident commander, or be working in a unified command with other responding agencies depending on the nature of the emergency. The Fire Department maintains a clear understanding of the statutory responsibility and authority it has depending upon the

emergency; along with a working knowledge of the Incident Command System, California Disaster and Civil Defense Master Mutual Aid Agreement, and Standardized Emergency Management System (SEMS).

Land or Water Resources

According to the General Plan Conservation Element, water resources include two hydrological groundwater basins in the planning area: The Perris Basin and the San Jacinto Basin. The primary purveyor of water in Moreno Valley since the 1950's has been the Eastern Municipal Water District. The State Water Project brought additional imported water to Moreno Valley and EMWD's service area.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City of Moreno Valley is required by law to have a detailed Citizen Participation Plan which contains the City's policies and procedures for public involvement in the Consolidated Plan process and the use of Federal grant funds. The Moreno Valley Citizen Participation Plan was developed as required under 24CFR Part 91 and Part 8. HUD regulations require that cities consult with public and private community-based non-profit organizations to obtain input on the housing and non-housing needs of low and moderate income and homeless members of the community. During the Action Plan process, the City took an aggressive approach to ensure and encourage citizen participation. The City went beyond the measures outlined in its Citizen Participation Plan to encourage participation. Outreach efforts were made toward the forming of this Action Plan. The City hosted two (2) public meetings and three (3) public hearings for a total of five (5) meetings compared to the three (3) hosted in a standard year. All citizen participation was accomplished through meetings, published public notices and on-line announcements. The City invited residents, non-profit organizations and surrounding jurisdictions to solicit input on community needs.

The first public hearing took place on December 18, 2018 and residents were given the opportunity to provide comments regarding priority needs in the community. Because the grants are now being administered out of the Finance Department, a public meeting with the Finance Subcommittee was held on November 27, 2018 to discuss the Action Plan schedule. A public meeting was held on March 26, 2019 to discuss the proposed program activities. The meetings were advertised, open to the public, and all together drew about 25 attendees combined. There were several public speakers who provided staff with valuable feedback. After receiving input from the community, the proposed Action Plan was available for a 30-day public examination and comment period from April 5, 2019 through May 7, 2019. The Action Plan was available at four City locations (Library, City Corporate Yard, City Hall and Senior Center). A final public hearing was conducted on May 7, 2019 after the close of the public review period. The final public hearing allowed the public an opportunity to comment on the proposed Action Plan before adoption by the City Council. The information compiled from the meetings was used in determining the needs in the community and the development of strategies.

Citizen Participation Plan as amended by the CARES Act

HUD has granted certain waivers with regard to public noticing and the public comment period normally required in a recipient agency's Citizen Participation Plan for Substantial Amendments in order to accelerate the implementation of selected eligible activities for the CDBG-CV and ESG-CV funds and to quickly respond to the growing spread and effects of COVID-19. The City notified the LA HUD office of its election of eligible CARES Act waivers to reduce the public noticing and public comment period from the official 30-days to not less than 5-days to accelerate the implementation of selected eligible activities for the CDBG-CV and ESG-CV funds and to quickly respond to the growing spread and effects of COVID-19.

The public notices gave residents a clear understanding of the event being announced. The following were the dates of public notices for:

April 30, 2020	Notice of Funding Availability-CARES Act Funds
June 11, 2020	Notice of Public Hearing to Adopt CARES Act Amendment
August 27, 2020	Notice of Public Hearing to Adopt Update to CARES Act Amendment to 2019-2020 Annual Action Plan
<i>November 26, 2020</i>	<i>Notice of Public Hearing to Adopt the 2nd Update to CARES Act Amendment to 2019-2020 Annual Action Plan</i>

The following additional procedures specifically for CARES Act Amendment were implemented:

1. There was advanced notice of the availability of a proposed Substantial Amendment at least 5 days before there is a Public Hearing.
2. A detailed written description of the proposed CARES Act Amendment was made available to the public. Copies were available at the City Hall and the City website.
3. There was a Public Hearing regarding the proposed CARES Act Amendment conducted by the City Council. This Public Hearing did not take place until the public had at least 5 days to review the proposed CARES Act Amendment.
4. The Public Hearing would be held no sooner than two days prior to submission to HUD.
5. Social distancing orders relating to the COVID-19 outbreak were still being enforced and as such, the City provided video/audio access to the public through video conferencing medium such as Zoom.
6. In preparing the Final Substantial Amendment, careful consideration was given to all comments and views expressed by the public, whether given as verbal testimony at the Public Hearing or submitted in writing during the review and comment period. The final CARES Act Amendment has a section that presents all comments and explains why any comments were not accepted.

The CARES Act Amendment was available for a 5-day public examination and comment period from June 11, 2020 through June 16, 2020. After the close of the public review period, a Public Hearing to adopt the CARES Act Amendment and amended Citizen's Participation Plan was held on June 16, 2020. Public comments were received from the director, an employee and three former graduates of the Rising Star Business Academy advocating for their job training program. The information compiled from the meeting was used in determining the needs in the community and the development of strategies.

The Update to the CARES Act Amendment was available for a 5-day public examination and comment period from August 27, 2020 through September 1, 2020. After the close of the public comment period, a Public Hearing to adopt the Update to the CARES Act Amendment was held on September 1, 2020. No public comments were received. The information compiled from the meeting was used in determining the needs in the community and the development of strategies.

The proposed 2nd Update to the CARES Act Amendment was available for a 5-day public examination and comment period from November 26, 2020 through December 1, 2020. After the close of the public comment period, a Public Hearing to adopt the 2nd Update to the CARES Act Amendment was held on December 1, 2020. The information compiled from the meeting was used in determining the needs in the community and the development of strategies.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Moreno Valley utilizes a variety of federal, state, and local funding sources to achieve identified community and housing strategies. Specific funding resources are based upon availability, opportunities, and constraints of each activity or program. The City is committed to utilizing each funding source to its highest and best use; therefore, the City leveraged the resources identified in this section to facilitate various programs and activities. Specific resources available to address the needs identified in the Consolidated Plan are included under each program description.

For fiscal year 2019/20, the City received HUD entitlement awards of \$2,082,025 in CDBG funds, \$672,166 in HOME funds, and \$178,214 in ESG funds. These funds will support housing, community development and homeless prevention activities. The City is not a recipient of HOPWA grant funding. The Annual Action Plan provides a basis for assessing performance. At the end of the program year a Consolidated Annual Performance and Evaluation Report (CAPER) provides information on the annual programmatic accomplishments.

The City received a 1st round allocation of ESG-CV funds in the amount of \$630,838 to be used to prevent, prepare for, and respond to the coronavirus pandemic among individuals and families who are homeless or receiving homeless assistance. The funds will also support additional homeless assistance and homelessness prevention activities to mitigate the impacts of COVID-19. The City also received a 1st round allocation of CDBG-CV funds in the amount of \$1,197,491 to be used to prevent, prepare for, and respond to the coronavirus among the residents and businesses in the City. This allocation was authorized in response to the growing effects of this historic public health crisis.

In June 2020, the City received a 2nd round allocation of ESG-CV funds in the amount of \$1,743,153 to be used to prevent, prepare for, and respond to the coronavirus pandemic among individuals and families who are homeless or receiving homeless assistance. The funds will also support additional homeless assistance and homelessness prevention activities to mitigate the impacts of COVID-19.

In September 2020, the City received a 3rd round CARES Act funding allocation in the amount of \$1,095,860 for CDBG-CV to further prevent, prepare for, and respond to the coronavirus pandemic. Eligible CDBG-CV activities may include providing equipment, supplies and materials to carry out public services, providing emergency payments to very low income persons, and providing social services to sheltered-in-place seniors, such as meal delivery. A second update to the 2019-20 CARES Amendment will be submitted to HUD pending approval of the CDBG-CV programs recommended in this Funding Recommendations report.

Two important changes were also made by the CARES Act including the elimination of the 15% limit on Public Service activities for CDBG-CV funds and elimination of the 100% match for ESG-CV funds.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City and HUD share an interest in leveraging HUD resources to the maximum extent feasible in order to address priority needs and associated goals. Volunteer services and private donations provide additional resources to leverage CDBG funds for public service activities.

In the past, Moreno Valley has actively leveraged its affordable housing activities, mostly with Redevelopment Set-aside funds. As the Redevelopment Agency was dissolved, the City will continue its efforts to leverage activities with other available resources. Some potential leveraging resources are listed below:

Low-income Housing Tax Credit (LIHTC): The California Tax Credit Allocation Committee (TCAC) allocates federal and state tax credits to affordable housing projects. Corporations provide equity to build the projects in return for the tax credits.

Affordable Housing Sustainable Communities Housing Program: AHSC directs investments to historically under invested communities, giving more Californians access to opportunity. At least 50% of AHSC funding is required by state law to be allocated to affordable housing and projects in, or that provide a benefit to, disadvantaged communities.

Additional housing resources are listed below:

Housing Choice Vouchers: The Section 8 rental voucher program provides rental assistance to help very low income families afford decent, safe, and sanitary rental housing. The County of Riverside Housing Authority pays the owner a portion of the rent (a housing assistance payment (HAP)) on behalf of the family. More than 1,100 City households currently receive Section 8 housing vouchers.

Mortgage Credit Certificate Program: Income tax credits are available to first time homebuyers to buy new or existing single family housing. Riverside County administers program on behalf of jurisdictions in the County. A Mortgage Credit Certificate (MCC) entitles qualified home buyers to reduce the amount of their federal income tax liability by an amount equal to a portion of the interest paid during the year on a home mortgage.

Matching Requirements: Entitlement cities receiving HOME funds are required to contribute a 25% match of non-HOME funds for every dollar of HOME funds spent. The HOME statute also provides a reduction of the matching contribution under three conditions: 1. Fiscal distress, 2. severe fiscal distress, and 3. presidential disaster declarations. Moreno Valley has been identified by HUD as a fiscally distressed jurisdiction for several consecutive years and has been granted a 100 percent match reduction. The City anticipates that the 'fiscally distressed' classification to continue through the entire Consolidated Plan period.

The Emergency Solutions Grant program has a 100% match requirement that can be met as a dollar for dollar or with in kind services. During the 2019-20 application process, the City has requested that ESG applicants be prepared to provide the match that would equal amounts of cash or in-kind services. Under the CARES Act, the 100% matching requirements was eliminated for ESG-CV funds.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Current land holdings that may be available for affordable housing developments include:

- Day/Alessandro 8.15 acres
- Fir/Heacock 0.90 acres
- Eucalyptus/Heacock 1.40 acres
- Atwood/Indian 1.32 acres
- Cottonwood/Indian 8.62 acres (Proposed for Courtyards at Cottonwood Family Apartments Project)
- JFK/Elm 0.17 acres
- Sheila/Perris 0.18 acres

Projects

AP-35 Projects – 91.220(d)

Introduction

The City of Moreno Valley has selected a variety of proposed activities aimed at meeting the goals and priority needs established in the CARES Act. CARES Act eliminated the 15% limit on Public Service activities for CBDG-CV funds. The 20% Administration cap will be utilized for staffing and administration. The remaining 80% will fund a variety of Economic Development, Employment Services and Public Service activities.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Moreno Valley seeks to meet federal national objectives of (1) providing benefits to the low and moderate income, (2) removing area slum and blight, and (3) meeting urgent or emergency community needs. The City also seeks to prioritize in a way that can assist goals set by the City Council including: Revenue Diversification & Preservation, Public Safety, Positive Environment Community Image, and Neighborhood Pride & Cleanliness. Every year, in accordance with HUD’s requirements, Moreno Valley re-evaluates and updates its program specific Objectives and Policies to ensure they adequately reflect the current needs of the community. The updated Objectives and Policies must then be adopted at the local level by the City Council for the upcoming program year. CDBG, HOME, and ESG Objectives and Policies primarily focus on: (1) defining the City’s funding priorities, (2) offering activity selection criteria, and (3) providing guidance for staff when reviewing and recommending programs and activities for funding. CARES Act

The City received an allocation of ESG-CV funds in the amount of \$2,373,991 to be used to prevent, prepare for, and respond to the coronavirus pandemic among individuals and families who are homeless

or receiving homeless assistance. The funds will also support additional homeless assistance and homelessness prevention activities to mitigate the impacts of COVID-19.

The City also received an allocation of CDBG-CV funds in the amount of [\\$2,293,351](#) to be used to prevent, prepare for, and respond to the coronavirus among the residents and businesses in the City. This allocation was authorized in response to the growing effects of this historic public health crisis. The City's CARES priority ranking is prioritizing the unique needs of our community's low- and moderate-income persons and those most vulnerable such as elderly and homeless.

Priority 1: Providing new and quantifiable increased Public Services, including providing equipment, supplies and materials necessary. Basic Needs Related Social Services Programs such as but not limited to emergency food, shelter (homelessness), health services.

Priority 2: Employment services/programs and Job (Skills) Training

Priority 3: Assistance businesses, including special economic development assistance to local small business providing employment to low- and moderate-income residents

Priority 4: CDBG-CV Administration of the funded programs including but not limited to: activity oversight; processing of amendments; IDIS management; Implementation of the Citizen Participation plan for needs assessment and project selection; Preparation of the Annual Action Plan; Preparation of the year-end CAPER report; program specific reporting; On-site monitoring of subrecipients.

	Estimate the number and type of families that will benefit from the proposed activities	<i>85,600 low-mod income persons</i>
	Location Description	<i>City wide</i>
	Planned Activities	<i>The need for coronavirus-related public information began in Moreno Valley in late January, before anywhere else in the country, when the first planeload of State Department employees and their families from Wuhan, China, arrived at March Air Reserve Base, just blocks away from City Hall. It continued through March 19 when the State of California issued a Stay-at-Home Order in response to the rapid spread of coronavirus. The City of Moreno Valley is home to 214,000 residents. The City staff received hundreds of phone calls and inquiries from residents and business owners expressing immediate concern for their health and safety. The City's public information office began issuing a variety of communications, including news releases, recorded phone alerts, email blasts, social media posts and informational videos from the Mayor. Our regular weekly Mayor's Message and e-newsletter, Moreno Valley at Work, became regular vehicles for coronavirus messaging. With the City's Emergency Operations Center activated on March 16, 2020 and the City declaring a local Pandemic Emergency on March 17, sharing the information that City officials were privy to was critical to our residents and business owners. Knowing that we would be issuing news releases daily, and often more than once daily, we also knew we needed to issue them all in both English and Spanish, which required enlisting the translation services of several employees from different departments.</i>

	Target Date	<i>6/30/2021</i>
	Estimate the number and type of families that will benefit from the proposed activities	<i>300 City staff</i>
	Location Description	<i>City wide</i>

	Planned Activities	<p><i>In order to comply with the California Governor’s order to Stay At Home and to provide continuity of government services, employees throughout the City that had been identified as being able to perform their functions at or above a 75% effective rate were provided the necessary technological tools (such as laptops, phones, virtual private networks, printers, headsets, collaboration tools) to work from home – thus avoiding close contact with their coworkers in an office type work environment. Additionally, any employee with underlying health condition or in a vulnerable age category (65 years or older) was approved to work from home. Not all employees were removed from their standard work location, just a fraction of staff to allow our staff working in our facilities to be able to maintain social distancing and to minimize crowded hallways, break rooms, file rooms, work spaces and restrooms. These efforts generated a large demand on our Technology Division staff and generated the immediate need for purchasing laptops and other technology to enable employees to Stay At Home and provide services to our community.</i></p>
